To: Veer Vikram Singh <23f3000375@ds.study.iitm.ac.in>, PARKHI YADAV <22f3002870@ds.study.iitm.ac.in>, Amit Kumar Gupta <21f1005763@ds.study.iitm.ac.in>, TUSHAR SHARMA <21f3000007@ds.study.iitm.ac.in>, SARTHAK KUMAR TIWARI <23f3000340@ds.study.iitm.ac.in>

Hi Team,

Hope everyone is doing well. It was great connecting with all of you today — I look forward to what we are going to accomplish together.

Here is a quick summary of everything we covered in today's call.

PROBLEM STATEMENT

After reviewing both options, we have collectively decided to move forward with:

Option 2: Civic Services Platform

Context

Many interactions between citizens and local authorities involve inefficient workflows and poor visibility.

Design a platform that improves a civic process.

Examples

- Complaint management
- Public facility booking
- Waste collection requests
- Community maintenance requests
- Permit tracking

TEAM STRUCTURE

Here are the roles we have finalized:

- Amit Kumar Gupta — Project Manager
- Tushar Sharma — Backend Engineer & Team Lead
- Veer Vikram Singh — Frontend Engineer
- Parkhi Yadav — Scrum Master
- Sarthak Kumar Tiwari — Tester (QA)

AGENDA FOR NEXT MEETING

Our next meeting will be focused on ideation and planning. Please come prepared with the following:

1. Brainstorm ideas and features that can be integrated into the platform.
2. Thoroughly read through the provided problem statement documentation or any relevant information. [IITM Software Engineering Course - May 2026](#)
3. Add your ideas to the shared Google Sheet prior to the next call: [Project Idea Doc - Software Engineering](#)

The goal is to walk into the next meeting with clear, well-thought-out ideas so we can hit the ground running. Please feel free to reach out in the WhatsApp Group for any queries.

Warm regards,
Tushar

Amit Kumar Gupta <21f1005763@ds.study.iitm.ac.in>
